

SPACE FOUNDATION

2012 U.S. Congressional Election Tracking Report

Update 2*

This document lists the results from the 2012 U.S. congressional elections for Members of Congress who sit on committees with jurisdiction over space policy and/or have space-related constituencies. The lists are organized by committee, and sorted by seniority. Included in this document are:

[House Committee on Science, Space, & Technology](#)
[House Committee on Appropriations](#)
[House Permanent Select Committee on Intelligence](#)
[House Armed Services Committee](#)
[House Committee on Homeland Security](#)
[House Committee on Foreign Affairs](#)
[Senate Committee on Commerce, Science, & Transportation](#)
[Senate Committee on Appropriations](#)
[Senate Select Committee on Intelligence](#)
[Senate Armed Services Committee](#)
[Senate Committee on Homeland Security & Governmental Affairs](#)
[Senate Committee on Foreign Relations](#)
[Others](#)

This document identifies the outcomes of the 2012 U.S. congressional elections. Races that are too close to call will be updated appropriately in the future. An Excel spreadsheet version of this document can also be accessed on the Space Foundation website at: <http://www.SpaceFoundation.org/research>

Please note: When someone defeats an incumbent or takes an open seat from a retiring member it does NOT mean they will be automatically seated on the same committee of jurisdiction as their predecessor. In the coming months we will update this document as members are seated on committees with jurisdiction over space policy and/or have space-related constituencies.

About the Space Foundation

The foremost advocate for all sectors of the space industry and an expert in all aspects of space, the Space Foundation is a global, nonprofit leader in space awareness activities, educational programs that bring space into the classroom and major industry events, including the [National Space Symposium](#), all in support of its mission "to advance space-related endeavors to inspire, enable and propel humanity." The Space Foundation publishes [The Space Report: The Authoritative Guide to Global Space Activity](#) and provides three [indexes](#) that track daily performance of the space industry. Through its [Space Certification™](#) and [Space Technology Hall of Fame®](#) programs, the Space Foundation recognizes space-based technologies and innovations that have been adapted to improve life on Earth. The Space Foundation was founded in 1983 and is based in Colorado Springs, Colo. Its world headquarters features a public [Visitors Center](#) with two main areas - the El Pomar Space Gallery and the Northrop Grumman Science Center featuring Science On a Sphere®. The Space Foundation also conducts research and analysis and government affairs activities from its Washington, D.C., office and has a field office in Houston, Texas. For more information, visit www.SpaceFoundation.org. Follow us on [Facebook](#), [LinkedIn](#) and [Twitter](#), and read about the latest space news and Space Foundation activities in [Space Watch](#).
